

Mohawk College

Analytics Competition

MARCH 21 to 22, 2024

\$5,000 in prizes

Including \$1,500 for 1st Place

Who is eligible?

Teams of 2 to 4 full-time or part-time higher education students enrolled in any undergraduate, master's or certificate level program. A faculty mentor is permitted as well.

Are specific skills or tools required?

No! While those with an analytics background will likely have an advantage, you do not require any special data analytics knowledge or tools. Competitors may use any software tools they have at their disposal. Your mentor may also help guide your analysis by making recommendations.

What do I have to do to win?

Demonstrate your analysis and storytelling skills by exploring a meaningful problem over two phases of competition. Teams prepare posters for submission prior to the event, and qualifying teams develop a presentation to deliver at the event.

When is the deadline?

Act fast! The **registration deadline is March 1, 2024. The problem is released to teams upon registration.** Poster submissions are due by March 14, 2024. There are limited spots available.
